

The MENDA brand name is recognized around the world as the “standard” for finger touch liquid dispensing. MENDA is famous for its high performance line of “dish type” liquid dispenser pumps and bottles, which are widely used in beauty, industrial electronics assembly, clean room and medical applications.

MENDA is more than just a dispenser pump and bottle company. The MENDA product offering includes specialty tools, such as Circuitracer[®], Probes, Spudgers, ESD Vacuums, Workstation Organizers, ESD Brushes, Fume Extractors, Specialty Vinyl Sealed Products, Identification Badge Holders and more!
