

Cable Assembly & Harness Solutions

NAC is an authorized distributor for a cable manufacturer in China named EMS Technologies. We are looking to work with any USA based companies who are looking for competitive overseas pricing on networking cable or custom wire harnesses directly from the manufacturer. EMS has over-molding in-house and they offer very competitive pricing as they are tooled up on many assemblies. Below is a list of some of the standard cables and adapters that we can provide. We are very interested in quoting any of your current requirements.

We provide our customers with cables and adapters in each of the following categories:

- ⦿ DVI, HDMI, DFP Cables
- ⦿ USB 2.0 Extension Cables
- ⦿ USB Adapters
- ⦿ Firewire Cables
- ⦿ SCSI 3, SCSI 2, SCSI 1 Cables
- ⦿ AV Cables
